The home rally is fun and exciting. You can play it very quickly and anywhere.

And off you go: In just 39 steps you crisscross the playing field to the finish field. If you are lucky, you may take the green shortcuts. If you have bad luck though, you have to take for a few additional steps with the red arrows.

WHOEVER REACHES THE FINISH LINE FIRST, IS THE WINNER.

WHAT YOU NEED:
» The two A4 printed game sheets
» Glue
» 1 dice (if you don't have any, you can find several cube apps ;-) or you make one out of paper.
» A few figures (you can also use game or animal characters, sweets, nuts or stones. Maybe you even create your own characters.
» 1 or several players (present or via video).

INSTRUCTIONS:
1. Print out the two A4 sheets.
2. Cut off the two edges on the sides.
3. Glue the two playing surfaces together.
4. Find one or more players.
5. Each player chooses his or her own character.
6. Everybody moves to the starting point.
7. The youngest player starts the game.
8. Throwing the dice. Each player moves his character according to the throw of the dice towards the finish and answers the questions or follows the instructions on the field.
9. The player who reaches the finish line first is the winner.
10. Beware of the following special fields:
   a. Shortcut: If you land on a field with a green arrow (dashed line forward), you may, after answering the question, follow the green arrow and shorten the route. You continue from the new field in the next round.
   b. Detour: if you land on a field with a red arrow (dashed line backward), you have to go back a few fields after answering the question. From the new field, however, you may continue with full force in the next round.
   c. Throwing out someone is not allowed. You may overtake and stand on the same field with several players.
   d. If you throw a 6 you may not have another go.

HAVE FUN WITH YOUR HOME-RALLY!
